

# Riverlinx Camp Information

## Purpose

The purpose of Riverlinx is for students to deeply engage in learning about the River Murray by accessing expert knowledge, immersion in hands-on experience and by linking with children that live on the River Murray.

## Our Sustainability Vision Statement

*'Our vision is to **work together** and share in being lifelong learners and teachers of sustainability. We believe it is our **responsibility to honestly respect** the Earth, reducing our impact for future generations.'*

## Fees

We charge a fee of \$55.00 per student for a two day camp (1 night) and \$80.00 per student for a three day camp (2 nights). This includes catering, accommodation, Loch Luna Cruises and bus travel to and from Banrock Station, leaders and expert fees that may be required. This does not include canoe hire, which is an extra cost of \$15.00 per student. One leader per group free. Any additional adults same fee as students.

A day trip may be suitable for local schools and can vary between \$10.00 - \$30.00, depending on chosen activities.

## Activities

All activities are run by Kingston-on-Murray Primary School staff, trained students or experts in certain aspects of the river (scientists, project officers). Students will need to be put into groups for the activities. The number of groups needed will be advised when the program is finalised. Each visiting school staff member is assigned a group and is responsible for the behaviour of this group. At 4:00 p.m. most Kingston-on-Murray staff go home, however someone will be available if needed. (A phone number will be provided.)

## Accommodation

We cater for a maximum of 30 students. Accommodation is in 15 pop-up tents that are easy to erect on the Kingston-on-Murray Primary School oval. Each tent sleeps two students, which we will erect and take down if required. Foam mattresses are available for use; however, visitors are more than welcome and encouraged to bring their own sleeping mattresses. Visitors will also need to bring sleeping bags and pillows and any mattress protection for bed wetters. In colder months an extra blanket may be required. Alternatively, you may wish to go to the Kingston-on-Murray Caravan Park to stay for an additional fee. Information is available by visiting this website [www.komcaravanpark.com](http://www.komcaravanpark.com).

## Meals

The majority of meals are catered for the duration of the camp however some schools opt to cater for the camp themselves, especially if they have chosen to stay at the caravan park. We attempt to give healthy options. Please inform us of any student or staff food allergies as soon as possible. **Students are to provide their own recess and lunch on Day 1.** Please be aware that you are not able to bring fruit and vegetables into the Riverland.

## Bus

We use our bus for local trips out to Banrock Station etc. and this is included in the camp fee. Buses to and from your school is the responsibility of the visiting school.

## Other info and Facilities

DVD/data show projector is available for use as well as sports gear.

We hope you have a rich learning and memorable experience.
